THE GROUP

We in words

Racing Force Group is the global leader in motorsport safety, innovation, and performance. Through its portfolio of brands – including OMP, Bell Racing, Zeronoise, and Racing Spirit – equips professional drivers, teams, and manufacturers, as well as passionate amateurs, with racewear, helmets, car parts, communication systems, and technical apparel.

Racing Force Group is the only company in the motorsport industry to offer such a comprehensive range of products, contributing each year to numerous victories and titles in both car and kart racing. The Group has also diversified through its HPS brand, applying cutting-edge motorsport technologies to the defense sector. After successfully completing the integration of its brands, Racing Force became a dual-listed company. Since November 2021, it has been listed on the Euronext Growth Milan market (RFG) and, as of September 2022, on the Euronext Growth Paris market (ALRFG). Racing Force Group thus became the first company in its sector to trade its shares publicly.

The Group has a global presence across three continents, with headquarters in Ronco Scrivia (Italy), Sakhir (Bahrain), Mooresville (USA) and Tubize (Belgium). It operates research and production centers, logistics hubs, and Pro-Shops, and employs over 600 people from more than 35 nationalities. Racing Force relies on well-established relationships with professionals worldwide, selling its products in over 80 countries, supported by the largest dealer and distributor network in the motorsport industry.

The Group's core values and work ethics are centered around integrity, respect, dedication, determination, diversity, sound judgment, dependability, accountability, teamwork, loyalty, quality, and safety. Racing Force Group achieves success through a positive mental attitude, optimism, vision, courage, proactiveness, and passion - its true driving force.

RACINGFORCEGROUP

THE BRANDS

OMP

Founded in 1973 in Genoa, Italy, OMP is a global leader in motorsport safety, specializing in the design and production of racewear, car parts, and accessories. As one of the few industry players capable of delivering such a comprehensive range of products, OMP adheres to the most stringent homologation standards, including the ones from FIA, CIK-FIA, SFI, and Snell. With a legacy of achievements and continuous innovation, OMP has collaborated with motorsport icons like Ayrton Senna and Michael Schumacher, contributing to world titles across multiple championships and disciplines, between circuit racing, rallying and karting.

BELL RACING HELMETS

Bell Racing Helmets is the world's leading supplier of helmets across all forms of car racing, including circuit, rally, and dirt racing. Founded in 1954 in the United States, Bell still remains benchmark for safety, innovation, performance, and engineering excellence, delivering the most advanced line of auto racing helmets globally. From the very beginning, Bell helmets have been trusted by more champions across all racing disciplines than any other brand, solidifying its reputation as the most iconic name in head protection for motorsport.

ZERONOISE

Established in 2019, Zeronoise is the electronics division of Racing Force Group, specializing in the engineering, development, and manufacturing of communication technology for the sports industry. Zeronoise's product range includes intercom systems for rally racing and the patented Driver's Eye - the world's most compact real-time TV broadcasting microcamera, utilized in some of the most prestigious motorsport competitions. Through its joint venture with Al Kamel Systems, Zeronoise also offers advanced timekeeping, TV graphics, data management, and race control solutions, further enhancing the accuracy and entertainment value of motorsport events.

RACING SPIRIT

Racing Spirit was created with a clear mission: to channel the passion and heritage of OMP - a brand that has worked alongside the most successful teams and drivers for over fifty years - into premium clothing and accessories. Forged in the fiercely competitive world of motorsport, Racing Spirit has also become a trusted name in other demanding sectors, such as boating. The brand offers a comprehensive collection of apparel for men and women, designed and developed in Italy, blending style, comfort, performance, and functionality.

PARTNER OF THE FIA

FIA Motorsport

For over a decade, Racing Force Group and the FIA have been jointly committed to ensuring the protection of people in motorsport. This collaboration began in 2012 with the first deal between OMP and the sport's governing body, and was further strengthened with the involvement of Bell Racing Helmets.

FIA Motorsport

Safety equipment for FIA officials and safety car drivers in every FIA World Championship is exclusively provided by the Racing Force Group brands: OMP for fireproof suits, shoes, gloves, and underwear, and Bell Racing for helmets.

FIA Karting Academy

Furthermore, since 2017, OMP has served as the official supplier to the young talents of the FIA Karting Academy Trophy, now structured into Junior and Senior championships.

ALWAYS PUSHING THE LIMITS

1973

OMP history begins with a Fiat 500 rollbar. Since then, OMP gets noticed more and more, becoming official car parts supplier for many Italian teams and manufacturers.

1982

OMP diversifies its production, entering the racewear market. The company soon supplies its first Formula 1 driver: Mauro Baldi of Arrows team.

1986

OMP is the world's first company to obtain the new FIA ISO 86 homologation standards for fireproof racing suits.

1989

Gerhard Berger survives the flames of his Ferrari, after the crash during the F1 race at Imola. Credit goes to fireproof overalls and gloves made by OMP. Millions of people see those moments on live TV, and the company becomes popular all over the world.

1990

OMP supplies F1 star Ayrton Senna. The partnership will last until the death of the legendary Brazilian driver, with 20 race victories and two world F1 titles scored together.

1996

Michael Schumacher kicks off his Ferrari era choosing OMP overalls and gloves. It's the start of a historic collaboration, sharing 71 wins and five F1 world titles.

1999

OMP ends in style the 20th century, celebrating the fourth consecutive World Rally Championship title along with the Mitsubishi Ralliart team and Tommi Mäkinen.

2008

In February the control of OMP is acquired by SAYE S.P.A. Group, held by Delprato brothers from Genova.

2010

OMP returns to Formula 1, signing an agreement with Renault F1 Team to supply its first safety belts designed and built entirely by its R&D department.

2012

OMP conquers the US celebrating its maiden IndyCar Series title with Andretti Autosport driver Ryan Hunter-Reay.

2013

Volkswagen Motorsport opens a four-year WRC domination with Sebastien Ogier and OMP. It's the first of many world titles for the HTE seat.

2013

OMP provides the drivers' overalls for award-winning "Rush" movie directed by Ron Howard, reproducing in detail the 1976 F1 season look.

2016

OMP marks a revolution in the karting sector with the launch of the first ever fully printed suit, the KS1. A new partnership with OTK Group, owner of the Tony Kart brand, also begins.

2017

OMP presents "One Art", the first totally customized fire retardant suit. The Print Art technology guarantees complete control of the design process.

2017

OMP harnesses are chosen by Mercedes AMG Petronas Motorsport Team, which extends its Formula 1 Manufacturers' World Championships streak till the 2021 season.

2019

OMP acquires Bell Racing Helmets, giving birth to the biggest worldwide player in motorsport safety equipment.

2021

OMP and Bell Racing unite under the newly formed Racing Force Group, together with emerging brands Zeronoise and Racing Spirit, strengthening their leadership in the safety industry.

2022

MotoGP legend Valentino Rossi begins his full-time car racing career, using OMP racewear and Bell helmets through a multi-year partnership.

2022

OMP supplies Toyota Gazoo Racing WRT for the third World Rally Championship Manufacturers' title in five years, while Kalle Rovanpera becomes youngest ever WRC champion.

2023

OMP becomes official partner of the 24 Hours of Le Mans and the FIA, supplying safety gear for marshals, safety-car drivers, doctors, and all the on-track personnel.

2023

Envision Racing wins an historic FIA Formula E Teams' World Championship using the OMP racewear for its drivers.

2024

As a new partner of Team Penske, the most successful racing stable in America, OMP celebrates victories at the 2024 Indianapolis 500 and secured its first-ever NASCAR Cup Series title.

2025

OMP, together with Bell Racing and Racing Spirit, becomes an official partner of the highly anticipated Formula 1 movie. The collaboration includes supplying racewear, helmets, and team uniforms for lead actors Brad Pitt and Damson Idris, as well as the entire APX GP team.

2025

OMP enters a multi-year partnership with adidas Motorsport to provide racewear solutions, including race suits and gloves, engineered to meet the highest standards of performance and safety for drivers and teams.

2025

OMP introduces the revolutionary Air fabric technology for racewear, establishing a new benchmark with the launch of the One Art Air, the world's most breathable racing suit.

STUNTS

OMP AIR TECHNOLOGY

THE WORLD'S MOST BREATHABLE SUITS

OMP Air is a game-changing advancement in racewear, setting unprecedented standards in breathability and lightness. This breakthrough technology is born from a completely redesigned fabric compound, engineered to deliver maximum performance without compromising safety, comfort, or freedom of customization.

Developed to keep the driver's body temperature constantly optimized even in the most extreme racing conditions, OMP Air contributes directly to improved performance.

The competitive edge of OMP Air comes from a multi-layer construction of high-tech fire-retardant fabrics working in perfect synergy. At its core is a completely new inner lining - common to One-S Air, One Evo Air and OMP One Art Air - designed to be exceptionally lightweight, soft to the touch, and highly breathable.

Paired with underwear featuring the OMP Dry System, OMP Air suits deliver the ultimate package in breathability, comfort and performance.

THE NEW PERFORMANCE BENCHMARK IN RACEWEAR

TRUSTED AT THE HIGHEST LEVEL FROM THE START

Tested and raced throughout the 2025 season in top-tier series such as Formula 1, WRC and INDYCAR, the One Art Air suit has delivered victories, pole positions and podium finishes — including in events contested in exceptionally high temperatures, where OMP's innovation proves its greatest competitive advantage.

TOTALLY PRINTABLE
SOFT EXTERNAL
FABRIC

OMP's One Art suit takes its biggest ever step forward with the One Art Air, exceeding previous OMP top-of-the-range models by more than 10% in breathability and lightness.

The new Air technology for the internal layer is paired with the innovative TxArt outer fabric, a proprietary solution designed to fully integrate OMP's Art sublimation printing technology. This combination delivers even brighter colours and complete creative freedom for custom designs, while setting a new benchmark in fireproof racewear performance.

Tested and raced throughout the 2025 season in top-tier series such as Formula 1, WRC and INDYCAR, the One Art Air suit has delivered victories, pole positions and podium finishes — including in events contested in exceptionally high temperatures, where OMP's innovation proves its greatest competitive advantage.

OMP's Dry System help drivers to reduce body temperature and improve their performance. The cooling effect of the inserts is improved when worn with the OMP ONE breathable underwear combined with cooling spray solution. OMP's Dry System is a registered utility model. More comfort, less heat: a goal that

OMP pursues since always, and now concretizes with STRETCH DRY SYSTEM. The maximum breathability of OMP Dry System is combined with the elasticity of 3D materials, to allow the best freedom in movements while reducing body temperature. Two fundamental elements to help drivers improve their performance.

OMP E-RACING GTR COCKPITS

OMP exclusive partnership with Playseat®, the world's leading company in racing simulation cockpits.

The new OMP e-racing GTR cockpit stands out for the integration with the HTE-R or Champ-R seats, the same FIA-homologated products developed by OMP for real-world racing. The virtual driving experience becomes even closer to the real thing, by perfectly replicating the ergonomics of GT, Touring and Rally cars.

All the sim rigs are fully compatible with any console, steering wheel, pedal board and simulation platform on the market.

The sim racers more focused on single-seater cars can opt for the Playseat® Formula model, successfully used by many globally renowned drivers.

HTE-R SEAT

ERO-0001 € 1.105,00 (D)

The OMP e-racing GTR cockpit is built around the renowned OMP seats. These racing seats used in real racing enable to replicate the ergonomics of GT, Touring and Rally cars.

CHAMP-R SEAT

ERO-0002 € 900,00 (D)

The OMP e-racing GTR cockpit is built around the renowned OMP seats. These racing seats used in real racing enable to replicate the ergonomics of GT, Touring and Rally cars.

FORMULA COCKPIT

ERO-0003 € 983,00 (D)

The OMP e-racing custom Formula seat is ideal for sim racers focused on single-seater cars.

It has been successfully tested by many globally renowned drivers and features a dedicated OMP colour scheme.

OMP E-RACING COCKPITS

MOTORSPORT CARE

The expertise of two historic companies in motorsport and care respectively, mixed together for an exclusive range of products for the cleaning and maintenance of your racing gear: OMP Motorsport Care powered by MaFra.

For a correct measurement: please hold tape in center of palm and measure around hand.

TERM SALE

By placing an order, the buyer accepts and unconditionally agrees with the conditions described in this document, and undertakes to follow them during the course of the business relationship with Racing Force, declaring to have read and accepted them. The buyer also agrees that Racing Force don't consider themselves bound to different conditions, except where agreed in writing in advance. The buyer accepts the terms of sale indicated below. In the event of any legal dispute, the Court of Genoa, Italy, is competent.

Racing Force reserves the right to modify the terms of sales anytime, also in view of possible regulatory changes.

The new Terms Of Sale will be effective starting from the date of publication on OMP Racing official website (www.ompracing.com).

For any request of clarification or complaint, contact the following email address: info.rf@racingforce.com

CHARACTERISTICS AND PRICES OF PRODUCTS The price indicated are VAT excluded. The characteristics and technical data of the items presented in this catalogue are not binding and can be changed without notice. The products' colors can also be considerably altered.

RETURNED ITEMS – DELIVERY TIME Racing Force is not responsible for delayed deliveries and will not pay for possible consequent damages. Returned goods will be accepted only when authorized by Racing Force, provided with regular goods return note, and carriage paid. Racing Force will charge all the costs deriving from damages on the returned goods or missing parts. Defective or not functioning items that will be returned after having been purchased will be repaired in the necessary time and will not be substituted by new ones in any way. Orders made in writing (fax, mail, e-mail, etc.) will be considered automatically confirmed and will be forwarded in accordance with the normal procedure. The goods travel at the risk of the consignee, and any damage caused during the carriage will be charged to the consignee.

CARE AND MANTAINANCE Before the use of any item, carefully read the labels and the user's manual, and strictly follow the instructions. Improper use or mantainance can reduce the effectiveness of the item, provoke untimely wear and increase the risk of serious or lethal injuries in case of accident or fire. Improper use or mantainance void the guarantee and relieve Racing Force from any responsibility towards the user.

WARNING

Motorsport is an intrinsically dangerous activity, that can result in serious or lethal injuries. The items described in this catalogue provide for protection on specific parts of the body for a limited period of time in controlled test conditions, in accordance with the FIA standard specified on each item's label. No device can provide a complete protection from every injury in case of accident or fire. The user, at the time when he uses the products, relieves the manufacturer, the distributor, the owner, the employees, the agents, the sales representatives from any responsibility. It is the user's responsibility to become familiar with all available informations about the correct use and mantainance of the products. If uncertain of the correct use and mantainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.

DISCLAIMER

- Each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization.

- Personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same.

- Personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition.

- Products are sold to be used in legally sanctioned autosport events only, and are not intended to be used and/or installed for regular street use, as street use safety products are subject to different homologations and laws depending on the State or country.

- It is the user's responsibility to become familiar with all available informations about the correct use and mantainance of the products. If uncertain of the correct use and mantainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.

- Every single modification or customization of the products, and every operation on them may reduce their security features. Thus, the user is responsible at his own risk for the reduction of security features caused by modification or customization.

BY THE USE OF THESE PRODUCTS, THE USER ACKNOWLEDGES:

That each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization; that personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same; that personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition.

That the helmet is conceived and designed to reduce the risk of cranial and facial injuries only in case of impact. That no helmet can protect against any possible and foreseeable impact. That helmets are not recommended and sold for high-risk jobs such as refuelers. Further information at the following web addresses: www.ompracing.com and www.ompamerica.com
